Attention: Development Assessment

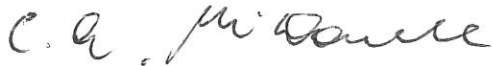

Dear Sir or Madam

LETTER OF SUPPORT FOR PROPOSED AIRPORT UPGRADE AT ALPHA

We are adjoining property owners to the existing Alpha Airport. We have been approached by Waratah Coal to consider a plan to redevelop the Alpha Airport on land owned by us at Lot 88 on SP259541 located at 43757 Capricorn Highway, Alpha.

We have reviewed the draft plan prepared by Phronis Engineering and confirm that should the airport be required to be upgraded we would enter into negotiations to sell all or part of the lot for that purpose and sign any necessary application forms to allow the necessary permits and approvals to be lodged.

Yours faithfully

Trevor and Coralie McDonell
