Division 1 General

 - (a) the tribunal is to hear a matter about premises—
 - (i) the referee owns; or
 - (ii) for which the referee was, is, or is to be, an architect, builder, drainer, engineer, planner, plumber, plumbing inspector, certifier, site evaluator or soil assessor; or

- (2) However, this section does not apply to a referee only because the referee previously acted in relation to the preparation of a relevant local planning instrument.
 - (3) The referee must notify the chief executive that this section applies to the referee, and on doing so, the chief executive must not appoint the referee to the tribunal.
 - (4) If a tribunal member is, or becomes, aware the member should not have been appointed to the tribunal, the member must not act, or continue to act, as a member of the tribunal.

 - (b) the required fee for tribunal proceedings.

238 Registrar and other officers

- (1) The chief executive may, by gazette notice, appoint—
 - (a) a registrar; and
 - (b) other officers (including persons who are public service officers) as the chief executive considers appropriate to help a tribunal perform its functions.

-
- (2) A person may hold the appointment or assist concurrently with any other public service appointment that the person holds.

- (1) The following persons may start proceedings for a declaration about whether a development application is properly made—
- (a) the applicant;
 - (b) the assessment manager.
- (2) However, a person may not seek a declaration under this section about whether a development application is accompanied by the written consent of the owner of the premises to the application.
- (3) The proceedings must be started by—
- (a) the applicant within 20 business days after receiving notice from the assessment manager, under the development assessment rules, that the development application is not properly made; or
 - (b) the assessment manager within 10 business days after receiving the development application.
- (4) The registrar must, within 10 business days after the proceedings start, give notice of the proceedings to the respondent as a party to the proceedings.

241 Application for declaration about change to development approval

- (1) This section applies to a change application for a development approval if—
- (a) the approval is for a material change of use of premises that involves the use of a classified building; and
 - (b) the responsible entity for the change application is not the P&E Court.
- (2) The applicant, or responsible entity, for the change application may start proceedings for a declaration about whether the proposed change to the approval is a minor change.
- (3) The registrar must, within 10 business days after the proceedings start, give notice of the proceedings to the respondent as a party to the proceedings.
- (4) In this section—
- respondent* means—
- (a) if the applicant started the proceedings—the responsible entity; or
 - (b) if the responsible entity started the proceedings—the applicant.

Division 3 Tribunal proceedings for appeals and declarations

242 Action when proceedings start

If a document starting tribunal proceedings is filed with the registrar within the period required under this Act, and is accompanied by the required fee, the chief executive must—

- (a) establish a tribunal for the proceedings; and
- (b) appoint 1 of the referees for the tribunal as the tribunal's chairperson, in the way required under a regulation; and
- (c) give notice of the establishment of the tribunal to each party to the proceedings.

243 Chief executive excusing noncompliance

- (1) This section applies if—
 - (a) the registrar receives a document purporting to start tribunal proceedings, accompanied by the required fee; and
 - (b) the document does not comply with any requirement under this Act for validly starting the proceedings.
- (2) The chief executive must consider the document and decide whether or not it is reasonable in the circumstances to excuse the noncompliance (because it would not cause substantial injustice in the proceedings, for example).
- (3) If the chief executive decides not to excuse the noncompliance, the chief executive must give a notice stating that the document is of no effect, because of the noncompliance, to the person who filed the document.
- (4) The chief executive must give the notice within 10 business days after the document is given to the chief executive.
- (5) If the chief executive does excuse the noncompliance, the chief executive may act under section 242 as if the noncompliance had not happened.

244 Ending tribunal proceedings or establishing new tribunal

- (1) The chief executive may decide not to establish a tribunal when a document starting tribunal proceedings is filed, if the chief executive considers it is not reasonably practicable to establish a tribunal.

Examples of when it is not reasonably practicable to establish a tribunal—

- there are no qualified referees or insufficient qualified referees because of a conflict of interest
- the referees who are available will not be able to decide the proceedings in a timely way

- (2) If the chief executive considers a tribunal established for tribunal proceedings—

(a) does not have the expertise to hear or decide the proceedings; or

(b) is not able to make a decision for proceedings (because of a tribunal member's conflict of interest, for example);

the chief executive may decide to suspend the proceedings and establish another tribunal, complying with section 242(c), to hear or re-hear the proceedings.

- (3) However, the chief executive may instead decide to end the proceedings if the chief executive considers it is not reasonably practicable to establish another tribunal to hear or re-hear the proceedings.

- (4) If the chief executive makes a decision under subsection (1) or (3), the chief executive must give a decision notice about the decision to the parties to the proceedings.

- (5) Any period for starting proceedings in the P&E Court, for the matter that is the subject of the tribunal proceedings, starts again when the chief executive gives the decision notice to the party who started the proceedings.

- (6) The decision notice must state the effect of subsection (5).

245 Refunding fees

The chief executive may, but need not, refund all or part of the fee paid to start proceedings if the chief executive decides under section 244—

- (a) not to establish a tribunal; or
- (b) to end the proceedings.

246 Further material for tribunal proceedings

- (1) The registrar may, at any time, ask a person to give the registrar any information that the registrar reasonably requires for the proceedings.

Examples of information that the registrar may require—

- material about the proceedings (plans, for example)
 - information to help the chief executive decide whether to excuse noncompliance under section 243
 - for a deemed refusal—a statement of the reasons why the entity responsible for deciding the application had not decided the application during the period for deciding the application.
- (2) The person must give the information to the registrar within 10 business days after the registrar asks for the information.

247 Representation of Minister if State interest involved

If, before tribunal proceedings are decided, the Minister decides the proceedings involve a State interest, the Minister may be represented in the proceedings.

248 Representation of parties at hearing

A party to tribunal proceedings may appear—

- (a) in person; or
- (b) by an agent who is not a lawyer.

249 Conduct of tribunal proceedings

- (1) Subject to section 237, the chairperson of a tribunal must decide how tribunal proceedings are to be conducted.
- (2) The tribunal may decide the proceedings on submissions.
- (3) If the proceedings are to be decided on submissions, the tribunal must give all parties a notice asking for the submissions to be made to the tribunal within a stated reasonable period.
- (4) Otherwise, the tribunal must give notice of the time and place of the hearing to all parties.
- (5) The tribunal may decide the proceedings without a party's submission (written or oral) if—
 - (a) for proceedings to be decided on submissions—the party's submission is not received within the time stated in the notice given under subsection (3); or
 - (b) for proceedings to be decided by hearing—the person, or the person's agent, does not appear at the hearing.
- (6) When hearing proceedings, the tribunal—
 - (a) need not proceed in a formal way; and
 - (b) is not bound by the rules of evidence; and
 - (c) may inform itself in the way it considers appropriate; and
 - (d) may seek the views of any person; and
 - (e) must ensure all persons appearing before the tribunal have a reasonable opportunity to be heard; and
 - (f) may prohibit or regulate questioning in the hearing.
- (7) If, because of the time available for the proceedings, a person does not have an opportunity to be heard, or fully heard, the person may make a submission to the tribunal.

250 Tribunal directions or orders

A tribunal may, at any time during tribunal proceedings, make any direction or order that the tribunal considers appropriate.

Examples of directions—

- a direction to an applicant about how to make their development application comply with this Act
- a direction to an assessment manager to assess a development application, even though the referral agency's response to the assessment manager was to refuse the application

251 Matters tribunal may consider

- (1) This section applies to tribunal proceedings about—
 - (a) a development application or change application; or
 - (b) an application or request (however called) under an applicable Act if—
 - (i) the application or request relates to a decision made under that Act, other than a decision made by the Queensland Building and Construction Commission; and
 - (ii) an information notice about the decision was given or was required to be given under that Act.
- (2) The tribunal must decide the proceedings based on the laws in effect when—
 - (a) the application or request was properly made; or
 - (b) if the application or request was not required to be properly made—the application or request was made.
- (3) However, the tribunal may give the weight that the tribunal considers appropriate, in the circumstances, to any new laws.
- (4) In this section—

applicable Act means—

 - (a) the Building Act; or
 - (b) the *Plumbing and Drainage Act 2018*.

252 Deciding no jurisdiction for tribunal proceedings

- (1) A tribunal may decide that the tribunal has no jurisdiction for tribunal proceedings, at any time before the proceedings are decided—

Statement of Reasons

Notice about decision Statement of reasons

PLANNING ACT 2016, SECTION 63(5)

Description of the Development	Development Application (Code assessable) - Reconfiguring a Lot (Development Permit) for a rural subdivision – one (1) lot into two (2) lots
Application number	051819
Address	6845 Craven Road, Beaufort
Property description	Lot 2 on BE87
Type of approval	Development Permit for Reconfiguring a Lot
Decision	Approved in full with conditions
Date of approval	23 October 2018
Reasons for Decision	<p>a) The proposed lot sizes are appropriate for the Rural Zone, in that two existing rural enterprises located on the subject site will continue their operations unimpeded by the proposed subdivision.</p> <p>b) As the proposed lot sizes are consistent with the minimum lot size for Good Quality Agricultural Land in the Rural Zone (3,000 hectares) the proposal is not required to demonstrate that there is overriding community need. Notwithstanding this, the application material includes findings that demonstrate that the proposed development enables the land to continue to be used for rural pursuits.</p> <p>c) Through conditioning, the proposed development will ensure that bush fire hazard, flood hazard and erosion control measures are implemented to reduce the risks to persons and property during a natural disaster event.</p> <p>d) The development does not compromise the relevant elements of the Central West Regional Plan and State Planning Policy.</p>
Assessment Benchmarks	<p>The Proposed Development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> ▪ Reconfiguring a Lot Code – Part 5 of the <i>Jericho Shire Planning Scheme 2006</i> (Version 2, effective from 29 November 2013)
Compliance with Benchmarks	<p>The development is assessed against the assessment benchmarks listed above and complies.</p> <ul style="list-style-type: none"> ▪ The site is included in the Good Quality Agricultural Land area, as shown on the Land Characteristic Map – Good

Quality Agricultural Land of the Planning Scheme and the proposed subdivision complies with the minimum lot size of 3,000 hectares.

- The proposed lot configuration does not comply with acceptable solution AS3.1 as follows:
 - Proposed Lot 1 has a road frontage of approximately 88 metres which is approximately 712 metres less than the acceptable solution. It is understood that the proposed lot layout takes into consideration the existing operations of the two (2) rural pursuits occupying the site and that the frontage for Lot 1 is sited over an existing access track which is used to access the existing dwelling house.
 - The proposed subdivision does not achieve the assessment bench for the width to depth ratio of 1:5.

Despite the conflict with the acceptable solution AS3.1 the application has provided supporting information to demonstrate that the proposed subdivision layout complements the existing rural enterprises occurring on the land and each new lot is provided with sufficient infrastructure and services to accommodate a carrying capacity of 665 livestock standard units (LSU) on proposed Lot 1 and 770 LSU on proposed Lot 2.

- The subdivision satisfies a need in the sense that the subdivision will ensure that two separate livestock enterprises can continue to operate in the region.
- The layout and design of the subdivision will not compromise the safety or legibility of vehicles within the local road network. The subdivision is designed to utilise the existing road reserve without compromising the safety or efficiency of vehicles or pedestrians. The subdivision layout has been designed having regard to the existing rural enterprises and associated improvements sited on the land, as well as soil types and topography. The application material has demonstrated that the subdivision layout allows for a fair proportion of land to be provided to each rural enterprise whilst ensuring sufficient land is provided for future viable rural pursuits.
- The proposed lots are a sufficient size to allow for any future buildings and structures to have appropriate separation distances from:
 - Watercourse and lakes;
 - Ridgelines and escarpments;
 - Cultural and heritage places;
 - Protected areas; and
 - Hazardous vegetation.
- Conditions have been imposed to ensure each lot is provided with all necessary infrastructure and services for land in the Rural zone.
- It is deemed that the proposed subdivision will not adversely affect the environmental values of regulated vegetation as no works are proposed. Any future clearing works must be considered separately to this application, for which a permit/s under relevant legislation will most likely be required. This is addressed in Advisory Note F of the recommendation.

	<ul style="list-style-type: none"> ▪ Conditions have been imposed to ensure erosion control measures and silt collection measures are implemented during construction activities to protect environmental values in and around the development areas.
Matters prescribed by Regulation	<ul style="list-style-type: none"> -The Central West Regional Plan, to the extent the Regional Plan is not identified in the Planning Scheme as being appropriately reflected in the Planning Scheme; -The State Planning Policy, to the extent the SPP is not identified in the Planning Scheme as being appropriately reflected in the Planning Scheme; -Any development approval for, and any lawful use of, the premises or adjacent premises; and -The common material.
Relevant matters for impact assessable development	Not applicable – the proposal was subject to code assessment.
Matters raised in submissions for impact assessable development	Not applicable – the proposal did not require public notification.

If you find an inaccuracy in any of the information provided above or have an enquiry or seek clarification about any of these details, please contact Council.
