TIPS TO NOMINATING

When filling out the nomination form, there are a few things you should consider to ensure your nomination provides the judges with enough information about the achievements or contribution of the person you are nominating.

- 1.** Share their story. Strengthen your nomination by painting a picture of the person. What motivates them to make a difference? Why do they inspire others?
- 2.** Provide details of their achievements and/or service to the community. Don't assume the person is known. The judging is based on the information you provide in the selection criteria.
- 3.** How does the person stand out from the pack? How has their achievement and/or service been greater than what might be normally expected of a person their age and in their field. Focus on both the quality and quantity of their achievement and/or service.
- 4.** Provide examples to support your statements for the selection criteria. Don't just make a statement – prove it with examples.
- 5.** Check with other community groups to see what the nominee is/has been involved in.
