TIPS TO NOMINATING

When filling out the nomination form, there are a few things you should consider to ensure your nomination provides the judges with enough information about the achievements or contribution of the person you are nominating.

1. Share their story - Strengthen your nomination by painting a picture of the person. What motivates them to make a difference? Why do they inspire others?
2. Provide details of their achievements and/or service to the community. Don't assume the person is known. The judging is based on the information you provide in the selection criteria.
3. How does the person stand out from the pack? How has their achievement and/or service been greater than what might be normally expected of a person their age and in their field. Focus on both the quality and quantity of their achievement and/or service.
4. Provide examples to support your statements for the selection criteria. Don't just make a statement - prove it with examples.
5. Check with other community groups to see what the nominee is/has been involved in.
