3.2.4 Budget Review 1 for the 2025-26 Financial Year

Summary:

The Local Government Act 2009 and Local Government Regulation 2012 require Council to undertake regular reviews of its adopted budget to ensure it remains reflective of the resources required to deliver services for the financial year. The first budget review for the 2025-26 financial year (BRI) incorporates any new or emergent revenue and expenditure arising since the adoption of the original budget in June 2025. In summary, the budget review is proposing to increase Council's operating deficit by \$51k, with the capital works program increasing by \$8 million to \$21 million, due to the carryover for a number of grant funded projects in the budget. Council's overall cash position is forecast to reduce from the 30 June 2026 forecast cash position from a projected \$9.3 million to \$7 million, which translates to an unrestricted cash expense cover ratio of 1.6 months (target > 4 months) at 30 June 2026. Forecast unrestricted cash reserves are still lower than the target of approximately \$14 million to meet the state government target benchmark. The 10year forecast shows cash expense coverage improving over time, provided prudent financial management occurs.

Resolution: 2025/09/207

Moved Cr O'Brien

Seconded Cr Rogers

That Council receives the report relating to the review of Council's 2025-26 budget and approves the proposed changes as outlined in the Revised Budget Financial Statements and Capital Works Program provided in Attachments 1 and 2 to the report.

3.2.6 Land Conversion Request – Portwine Road

Summary:

This report outlines Council's required response to a Conversion Application submitted to the Department of Natural Resources and Mines, Manufacturing and Regional and Rural Development. The application seeks to convert GHPL37/3547 – Lot 3 on Plan BE92 from leasehold to freehold tenure. The proposed conversion has implications for Council's road network, specifically Portwine Road (Road No. 2321), which currently traverses the subject lot in an offalignment configuration.

Council is requested to provide formal comments on the tenure to conversion, the status and future of Portwine Road and whether realignment to the designated road corridor is intended. The report highlights the historical use of the road, the financial and environmental implications of realignment and the absence of budgetary provision for such works. Council's decision will inform the State's consideration of the conversion and any necessary adjustments prior to the issuance of a Deed of Grant.

Resolution: 2025/09/209

Moved Cr Gleeson

Seconded Cr Williams

That Council:

- 1. Does not object to the land conversion of GHPL37/3547 Lot 3 on Plan BE92 from leasehold to freehold tenure.
- 2. Retain Portwine Road in its current alignment and confirm with Land Services the road is required in its current off-alignment configuration and request it be surveyed and dedicated accordingly, prior to the issuance of a Deed of Grant.
- 3. Confirms Council will not require the existing official portions of the Portwine Road Corridor, which is located to the east of the existing off-alignment section of road.

Carried

6/0

Councillor Rogers left the meeting at 9.45am, returning at 9.47am.

3.2.7 Conversion Application for Radio Tower and Mount Arthur Roads

Summary:

Council has received correspondence from Land Services, a division of the Department of Natural Resources and Mines, Manufacturing and Regional and Rural Development; regarding a Conversion Application for SH 2/3852 over Lot 3852 on PH794 (Barcaldine Downs/The Patrick). The application for conversion seeks to convert from leasehold to freehold tenure.

The proposed conversion affects two Council managed roads — Radio Tower and Mount Arthur Roads, both of which are currently constructed off their surveyed alignments. Council is required to provide formal comment on the tenure conversion and the future status of these roads.

Radio Tower Road is an Unformed, Category 4 road with limited community value and no nearby road corridor. Mount Arthur Road is a Formed, Category 3 road constructed off-alignment to provide direct access to the Mount Arthur property. Realignment of Mount Arthur Road to the official corridor would incur significant costs exceeding \$1 million per kilometre, excluding cultural heritage and environmental considerations.

This report outlines the implications of the conversion and recommends Council's position on the tenure application and the future of the affected roads.

Resolution: 2025/09/210

Moved Cr Gleeson

Seconded Cr O'Brien

That Council:

- 1. Does not object to the Application for Conversion of SH 2/3852 over Lot 3852 on PH794 from leasehold to freehold tenure.
- 2. Confirms Radio Tower Road (1553), in its current off-alignment configuration, is not required and supports its removal from Council's Road Asset Register.
- 3. Confirms Mount Arthur Road (1552), in its current offalignment configuration, is required for continued access and requests the road be surveyed in its existing location prior to the issuance of the Deed of Grant.
- 4. Confirms Council does not require the existing official portion of the Mount Arthur Road corridor located to the east of the current alignment.

3.2.8 Barcaldine Industrial Estate Extension

Summary:

Barcaldine's existing supply of industrial land is almost exhausted following strong demand from local and regional businesses. Without additional serviced land, the region risks constraining private investment, slowing job creation and missing opportunities tied to major regional infrastructure. The proposed development will deliver 25 fully serviced lots ranging in size from 4,000 m² to 13,500 m²; located off Ironwood Drive, Barcaldine.

Resolution: 2025/09/211

Moved Cr O'Brien

Seconded Cr Williams

That Council:

- Endorses the Barcaldine Industrial Estate Extension Project, subject to funding.
- 2. Notes the project budget of \$5 million.
- 3. Delegates authority to the Chief Executive Officer to source funding for the project.

Carried

3.3 FINANCE

3.3.1 Financial Performance Report

Summary:

Section 204 of the Local Government Regulation 2012 requires the Chief Executive Officer to prepare a finance report to present at each monthly meeting of the local government. The financial report must state the progress that has been made in relation to the local government's budget for the period of the financial year up to a day as near as practicable to the end of the month before the meeting is held.

Resolution: Moved Cr Rogers Seconded Cr O'Brien 2025/09/212 That Council received the report on Monday 8 September 2025

relating to the August year-to-date financial performance against

budget.

Carried
